the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over has increased by 1 million (Office of National Statistics 1999). The number of people aged 65 and over is projected to increase to 6.5 million by 2011, and the number of people aged 75 and over to 3.5 million (Office of National Statistics 1999).

There is a growing awareness of the need to develop services to meet the needs of older people, and the need to ensure that services are accessible to older people. The Department of Health (1999) has published a strategy for older people, which sets out the government's commitment to older people and the need to develop services to meet their needs. The strategy also sets out the need to ensure that services are accessible to older people, and that older people are able to participate in decisions about their care.

ARTHUR L. PENARDI

Mr. Arthur L. Penardi is truly "Mr. Stoughton High." A lifelong resident of Stoughton and a graduate of S.H.S. (He was on a football team that walloped Canton 34-0) he has served his alma mater loyally.

At Stoughton High, he has taught many subjects. He organized the physical education department as the first "gym" teacher, and was the first assistant principal in school history.

The scope and variety of his duties over the years reflects the growth of the school in personnel, facilities, and curriculum.

Mr. Penardi acquired his bachelor's and master's degrees at Boston University. His arrival at Stoughton High in 1948 followed a stint in the Navy. He has continued to serve his country, and has risen to the high rank of Captain in the U.S. Navy Reserve.

At Stoughton High, generations of students have come to know him for his fairness, equanimity under pressure, and his genial personality despite the fact that he is literally looking at the worst side of things day in and day out.

If anyone is truly for the "kids" it is our assistant principal. The editorial board is proud to dedicate the 1968 edition of the Stotonian to "Mr. Stoughton High" — Mr. Arthur L. Penardi.

STOUGHTON SCHOOL COMMITTEE
232 PEARL STREET
STOUGHTON, MASSACHUSETTS 02072

Dear Graduates:

The Stoughton School Committee extends its sincere congratulations to you upon your reaching this milestone. You are successful people in the sense that you have achieved the primary goal of your youth. The next phase of life you enter will present for your consideration many injustices and inequities which you will have an opportunity to resolve in an effort to make the world in which you live a better place for all people. You will be able to accomplish this because you have started with a background of success in attaining a difficult goal.

In your search for personal fulfillment and a happy existence, your future experience will cause you to acquire further intellectual growth and greater mastery of individual talents. You will experience an increase in self confidence which will permit you to make judgments, and produce actions with greater self assurance. It is our hope that you will use your knowledge and talent to explore and develop those things which tend to unite people and transcend those things which divide them.

You are entering a stage in your life which requires the acceptance of adult responsibilities and self discipline if your generation's contribution to better circumstances of existence for all mankind is to be significant. We believe you have the strength of character and the integrity to accept the challenge facing you. We pledge our assistance to this end.

May Divine Providence favor you all the days of your life.

Sincerely,

John P. McGillicuddy

SUPERINTENDENT

Dear Seniors:

In his memorable poem, "The Road Not Taken," Robert Frost underscores one of the major problems confronting today's high school graduates. On the one hand there is the oft-traveled road which offers comparative security, few risks, and still fewer challenges; the second road, the lesser-traveled path, is fraught with dangers and uncertainties. However, the traveler on the latter road is the person who usually makes a significant contribution to society.

It is my hope as Superintendent of Schools that the Stoughton Public Schools have provided you with the kind of educational experience that will encourage you to seek out social problems, to assume civic responsibilities, and to challenge life's uncertainties. In short, like the Man of LaMancha, I hope that you "dream the impossible dream."

In closing, may I extend to each one of you my sincerest wish for your future happiness and success.

Sincerely,

Joseph H. Gibbons

Joseph H. Gibbons

ASSISTANT SUPERINTENDENT

Dear Graduates:

In lieu of the standard congratulatory message to the graduating class, I wish that I could provide each of you with a tape of a recent television program starring Dr. Jerome Lettvin. This brilliant humanist, physician, and scientist from M.I.T. "tuned-in" for more than an hour with high school and college students on the problems they are currently facing. Dr. Lettvin urged these young people not to "cop" a plea from the human dilemma but to become an integral part of human history by staying "in" with mankind.

It sometimes takes a man with Dr. Lettvin's ability to "tune-in" with young people to sharpen the focus on the sharing of responsibility between the adults and students. If the education you have received in Stoughton has quickened your awareness of this inter-relationship, then the school has fulfilled one of its primary tasks; if you graduate without such an awareness, both you and the school have failed.

I hope that each one of you is successful in your individual endeavor, and that you enjoy a full and rewarding life.

Yours sincerely,

Thomas J. Whalen

Thomas J. Whalen, Ed.D.

PRINCIPAL

To the Class of 1968:

Congratulations! You have succeeded in achieving a real goal towards the fulfillment of a rewarding experience. You can now better understand the many obstacles which may confront you as you progress through life's difficult ways. Your continued determination and sacrifice will realize for you many more happy returns.

Good luck, and may your lives be fruitful and enjoyable.

Sincerely,

Peter J. Sperandio

To the Class of 1968:

As you take your place among the many graduates of Stoughton High School, you enter a world replete with challenge—challenge to your abilities, challenge to your diligence, and challenge to your values. The role of your home, your church, and your school has been to prepare you for this life of challenge. All three now look upon you with pride, with hope, and with expectation.

In the measure that you succeed in meeting these challenges to a rewarding and useful life, so our confidence in you will be fulfilled.

Best wishes to each of you in all your endeavors.

Sincerely,

Robert J. McLaughlin

MR. MCLAUGHLIN
Administrative Assistant

MR. PENARDI
Assistant Principal

Congratulations and best wishes to the Class of 1968. Each of you has experienced joy and satisfaction in the realization that your years of study have resulted in the awarding of your High School Diploma.

This achievement alone cannot sustain you throughout the rest of your life and soon you will set new goals. It is my earnest hope that each of you will seek to serve your fellow man, for in this type of endeavour real happiness can be found.

Sincerely,

Arthur L. Penardi

MR. WILLIAMSON
Director of Guidance

To the Class of 1968:

Important learning is rarely accidental. We learn best when we have a clear purpose in mind and set out to accomplish it.

Whether we continue our formal education or enter employment, our learning should continue.

A happy, successful person will always have something to work toward.

Best wishes for a happy and successful future.

Sincerely,

MR. BERRY
Class Advisor

The task of advising a class of our size is certainly not easy. Mr. Berry deserves credit for effectively directing the ideas and enthusiasm of his seniors to achieve highly commendable results. If the class is to be successful in all its endeavors, it must function as a corporate entity. Together with our officers and executive committee, Mr. Berry has promoted this unifying sense of class spirit. Because of such leadership, the class of 1968 may point with pride to a record of considerable achievement which will serve to set a goal for future classes at Stoughton High School.

CLASSES

JUNIORS

With Eddie Kelleher, Kathy Doyle, Joan O'Connor, and Lynda Fisher to lead them and Mr. Jardin to provide guidance, the Class of '69 anticipates an enthusiastic senior year. The junior year was sparked financially by cake sales and the class project—the sale of sweatshirts. An intensive dues campaign was conducted.

The main social function of the year was the annual Junior Prom, held at the Junior High School cafeteria, tastefully decorated. With the theme of "Carousel" the juniors and their dates danced to the strains of the high school dance band, under the baton of Mr. LeGrow.

Next year's athletic teams will include John Sperandio and Steven Vale, as captains of the football team; Frank Compagnone, Kirk Buschenfeldt, Rick Whittaker, John Pechonis, and Kent Powell, returning from the successful basketball team. The top cheerleaders will be Joanne Hickey, Kathi Briody, Lynda Johnson, Doris Swanberg, and Shelley Ostis.

Drama participants include Karen Valutkevitch, Gail Rayner, and Richard Lindelof. '69 musicians selected for SEMSBA were Steve Delello, Jeanne Doucet, Steve Blaizis, and Stephen Tapper.

The Class of '68 now leaves the top post in the hope that their successors will be successful. Our thanks go to the juniors for their support and our best wishes are extended to them for future years.

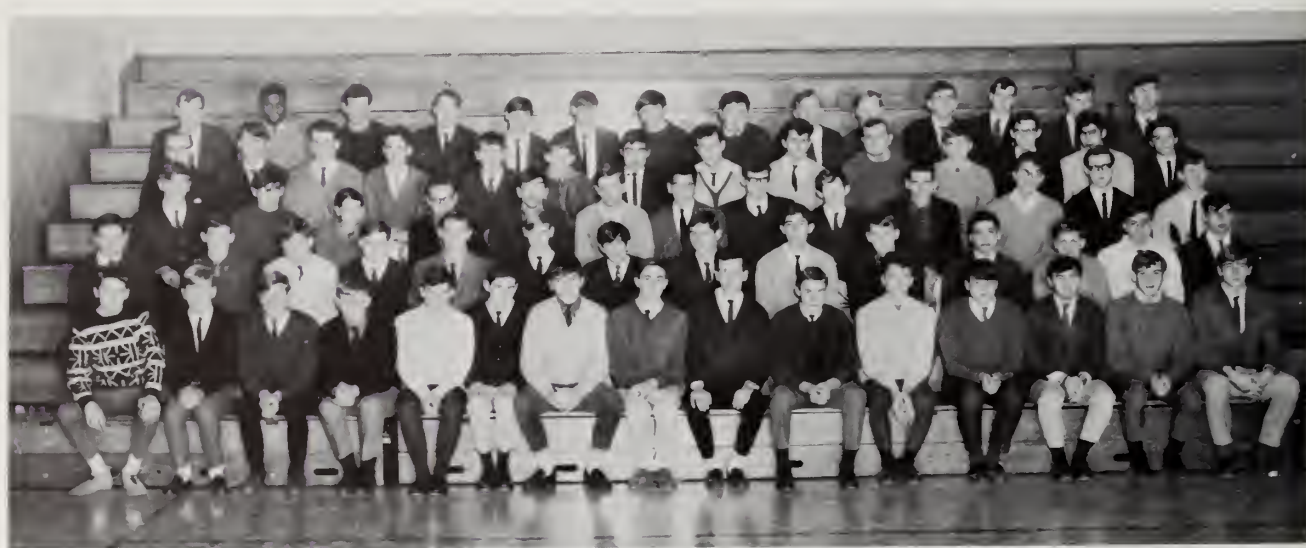

CLASS OF 1969

CLASS OF 1969

SOPHOMORES

Following a very successful freshman year highlighted by a cake sale and their dance, "The Noise", the Class of 1970 is again creating a niche for itself in school annals. As sophomores, they have sponsored another successful cake sale, and the well-attended class dance, appropriately labeled, "The Second Time Around". Filling the posts of officers are Bill Kell, Patty Gay, Gayle Webster, and John O'Donnell. The class is advised by Mr. Sarno.

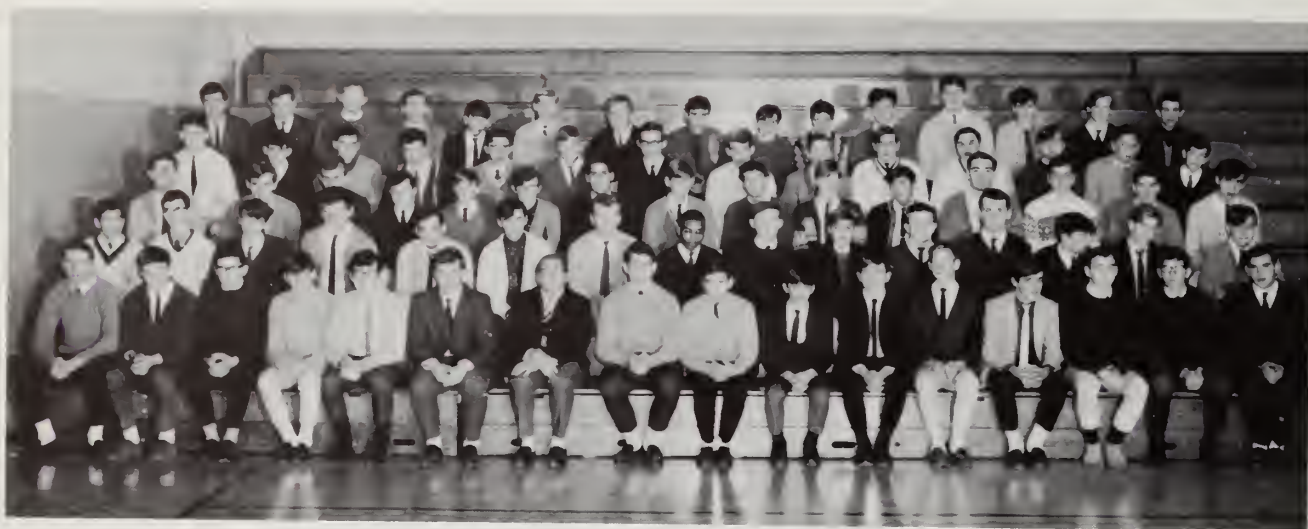

Sophomore athletes played a significant part in Stoughton victories. The football squad included Joe Rafalko, John O'Donnell, Alan Crosby, Marty Kwedor, Kenny Gilpatrick, and Errol Austin. During the basketball season, sophomores made up the exciting Jayvee team. Mike Duffy, Jimmy Mahar, Frank Sereno, Steve Smith, Jim Pooler, Steve Fitzpatrick and Bill Lyons hustled for the JV's. Of course, a key man on the varsity was a sophomore - Burnie DeVaughn. Cheering for our boys were Barb Stuart, Brenda Rock, Marie Moran, Mervina Moran, Linda Coletti, and Maureen Purcell.

Sophomores also played prominent roles in music and drama. The Class of '70 has shown great school spirit and an impressive list of achievements. We wish them luck in the remainder of their stay at S.H.S.

EXECUTIVES

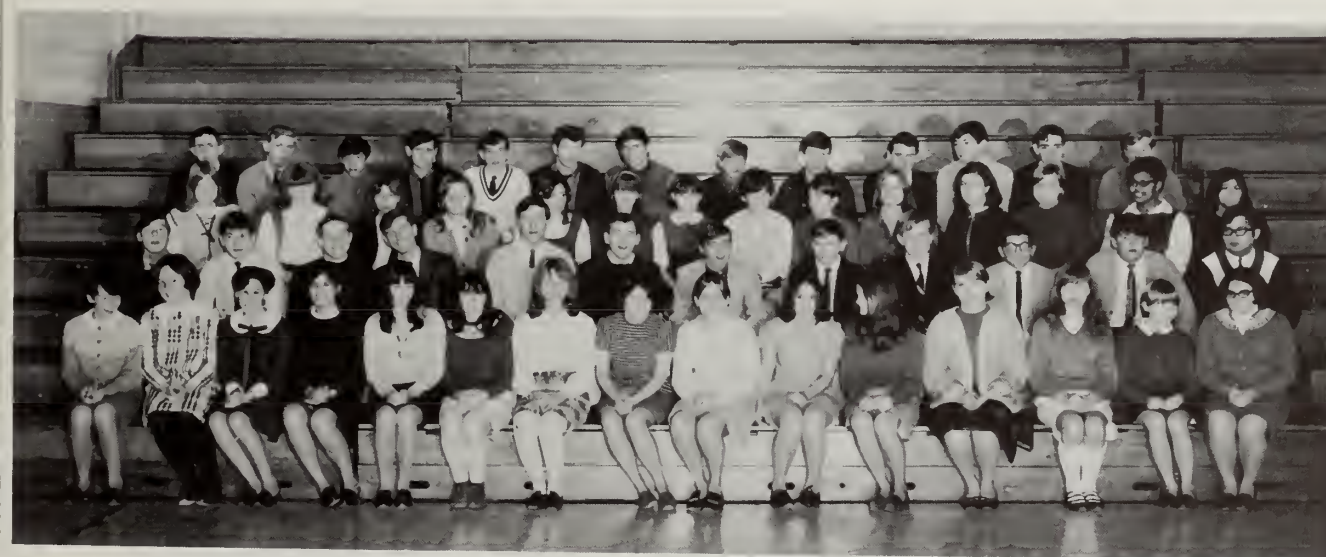

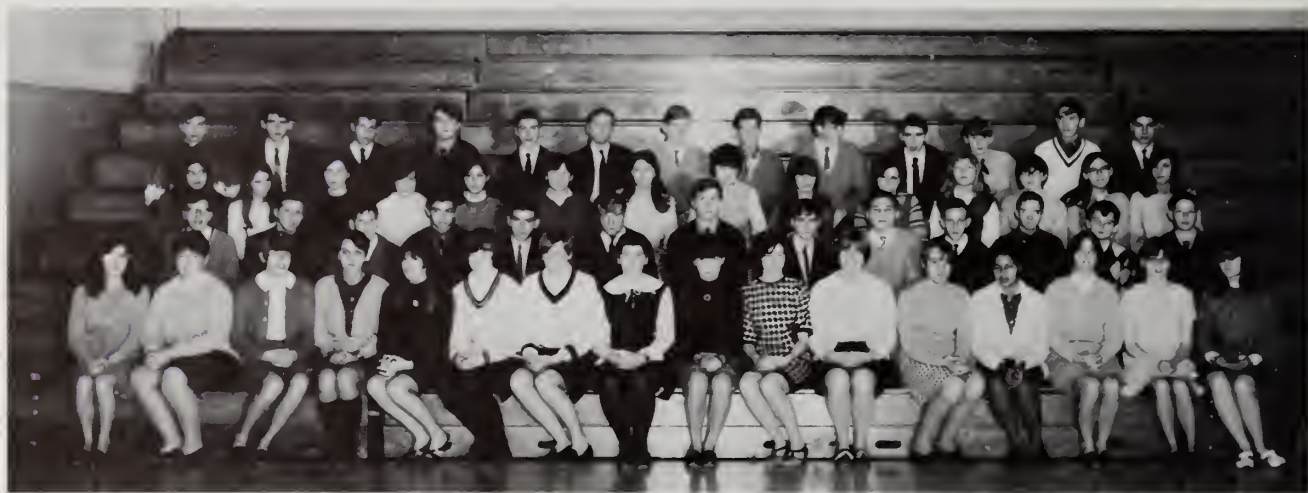

CLASS OF 1970

SOPHOMORES

CLASS OF 1970

FRESHMEN

Paula Olsiewski, vice-president; Mr. Edmonston, advisor; Jeff Russell, President; Patrice Whalen, secretary. Not present: John Ciulla, treasurer.

This year's Freshman class entered Stoughton High with the largest enrollment in the school's history. We hope that the newest members of our school will provide strength in support as well as in number. Under the guidance of Mr. Edmonston, class advisor, the class officers, Jeff Russell, Paula Olsiewski, Patrice Whalen, and John Ciulla, are taking the first steps towards a successful high school career.

Included in the program of activities are a dance to be held on March 23, and a cake sale.

Helping to lead the class are Student Council representatives, Gail Quadros, Kathy Carpenter, Elaine Carabatsos, Marianne Fay, and Cindy Kimtis.

In sports, the freshman football team enjoyed a successful season. Their record of four wins against one loss and a tie promises something to look forward to in future years. Cheering the boys on were Sherry Thompson, Patrice Whalen, Cindy Kimtis, Ellen Hines, and Donna Price.

Many of the freshmen are active in the band and chorus, and Vicki Tobin is playing the lead role in the all-school play, "The Diary of Ann Frank."

All in all, it appears that the Class of '71 is doing its best to make its first year at S.H.S. a good one.

We, the seniors, wish you the best of luck and hope that your remaining years are just as happy as ours have been.

IN MEMORIAM

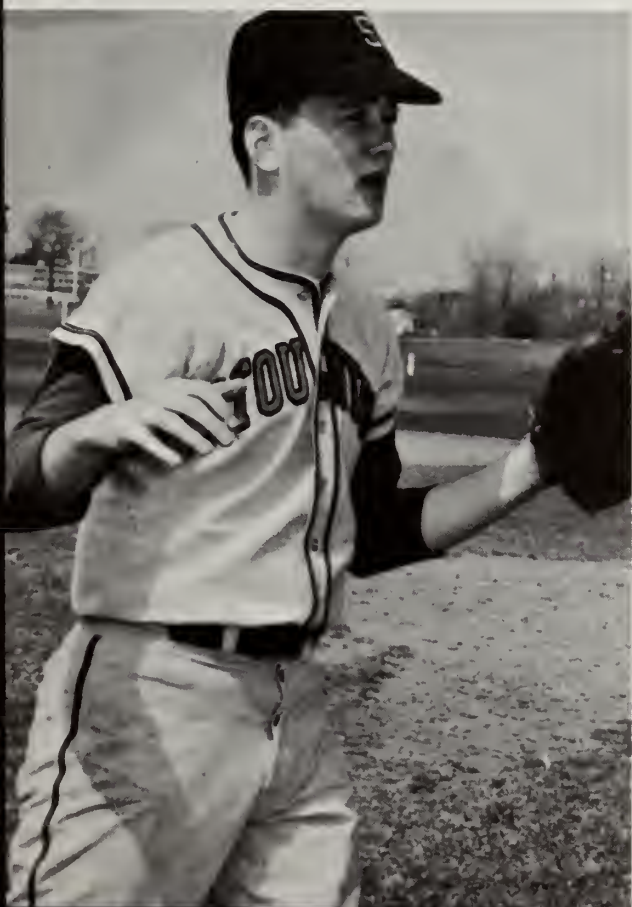

Kevin Clancy

Paul McEachron

It was just a few short years ago that *Kevin Clancy* starred for the Stoughton High School football and baseball teams . . . that *Paul McEachron* dazzled the fans with thrilling runs and interceptions on the gridiron . . . two inspirational boys . . . zealous competitors . . . respected by coaches and teammates . . . but, above all, by younger players . . . dependable and loyal . . . During the past year, *Ensign Kevin Clancy* lost his life while on active service for the U. S. Navy . . . *Lance Corporal Paul McEachron* perished in combat with the Marines in Viet Nam . . . To the memory of these true warriors . . . on and off the field . . . we dedicate the pages of the sports section of the 1968 STOTONIAN . . .

"There are only two forces in the world, the sword and the spirit. In the long run the sword will always be conquered by the spirit."
 (Frederiks, "Maxims of Napoleon.")

Hampered by serious injuries and a tough "independent" schedule, Stoughton High's football team ended with a 2-6 record. Injuries kept Dave Ostroff, John O'Donnell, and Co-captain Dan Reilly out most of the season; they kept many other operatives out of key practice sessions or one or two games. Battling valiantly throughout the season, the gridsters were unable to overcome the power shortage.

The "independents" faced this year (for the last time) were all strong. Most arrived at game-time with an undefeated record, Nevertheless, the team managed to give account of itself in every game except one. In several, it held leads, only to succumb to the sturdy manpower facing it. High spots were the near-upset of powerful Reading where the 28-16 loss belies the closeness of the game, and the surprise win over strong Spellman 6-0. The Black Knights nearly took the "big one" against a good Canton team, but the "elements" conspired against them—the mud and rain limited their passing attack. Despite the gooeys going, Capt. Chencus picked up impressive yardage. "Chunky" ended up an all-scholastic choice for the area for the year.

The Class of '68 provided the backbone of the team for the third year in a row. They will be difficult to replace. However, strong J.V. and freshman teams, coupled with the inspiration of Hockamock League competition for the first time augurs well for the future.

SALUTE TO "FLAG"!

At the close of the 1968 football season, Stoughton High finds itself with a great loss—Coach Bob Flanagan. It was Mr. Flanagan's determination and his great dedication to a sport he loves that instilled in the boys under him the spirit and pride that is so vital to football. His absence will be felt deeply by classes to come, and his dedication and spirit will continue to benefit those who were fortunate enough to receive his training.

The Cross Country team under the direction of Coach Graham, completed a successful season this fall. Out of strong competition, Stoughton emerged with a four wins and two loss record. Although the team had a fine season, the future seems even better. The team is composed of almost all underclassmen, many of whom will be seniors this coming season. This year the Hockomock League provided the Cross Country runners strong opposition such as Foxboro, who defeated Stoughton on the opening day, and Sharon who went on to win the League Championship.

Led by junior captain Steve Fitzpatrick, Stoughton placed third in the league and third in the South Shore. Many other fine runners include John Pechonis, Kent Powell, Tom Meserve, John Gillespie, and Jim Connolly. Steve Fitzpatrick, who placed twenty-second in the state meet, is expected to provide a strong nucleus for the upcoming season.

Co-captain Mike Kwedor

The 1968 Stoughton High basketball team completed its most successful season in recent years with a Hockomock League Championship. The Knight's regular season record was fifteen wins and four losses. The team was also selected to a class C berth in the post-season Tech Tourney at the Boston Garden.

Coach Edmonston brought Stoughton to the Tech in his second year at Stoughton. His outstanding leadership was a vital factor in the Knights' successful season.

An equally important factor in the team's success was a confident winning attitude of the boys, led by the team's high scoring captain, senior Bruce Jackman. The other regulars were a young group, an indication of even better things to come. Key players included senior co-captain Mike Kwedor and undergraduates John Pechonis, Frank Compagnone, Burnie DeVaughn, Dick Whittaker, and Kirk Buschenfeldt.

Further proof of the fine caliber of play of the team was that three players were chosen for Hockomock League All-Stars. Bruce Jackman made it for the first team, while Burnie DeVaughn and Frank Compagnone were selected for the second team.

Despite a lack of height and some inexperience, the team showed great speed and shooting ability and, most important, it won when it had to. Considering the great accomplishments of this year's youthful team, it seems certain that Stoughton's basketball fortunes will continue in this successful vein for at least a couple of years.

TECH TOURNEY RESULTS

Stoughton defeated Dennis-Yarmouth in the opening round of class C competition, 43-36. Then, in the quarterfinals played at Brockton's West Junior High, they outhustled an undefeated Plymouth-Carver quintet by the score of 69-67. John Pechonis led the winners with a 21 point effort.

After this, it was on to the Boston Garden for the semi-finals, where the best was yet to come. The opponent was Sharon, and Stoughton played one of its finest games of the season. Stoughton took an early lead and at one point led by as much as eleven points. The final score: Stoughton 58, Sharon 52.

Now Stoughton was in the class C final. On that unforgettable night at the Garden, against Case, the "cardiac kids" gave their most rousing performance of the year. With just three seconds left in the game and Stoughton trailing by two, Frank Compagnone stepped to the foul line and made two free throws to send the game into overtime. Then, as the buzzer rang at the end of the overtime period, Compagnone was fouled again. This time he sank one free throw to send the game into still another overtime. Unfortunately, the team was unable to win, even though it had a chance to send the game into a third overtime by sinking two more free throws; Burnie made the first one, but the second one hit the rim. The Class C Final ended in a defeat for Stoughton, 58-57, but it was a thrilling finish to a great season of basketball at Stoughton High School.

The 1967 Stoughton High Golf Team, coached by Mr. McGeough, concluded a successful season with a six wins and three loss record, placing second in the Hockomock League. Led by Captain Jim Harrington, they were a youthful team with plenty of talent. The first team was comprised of Harrington, a senior, and Dan Donehy, a junior. The second team was senior Tom Whalen and junior Buddy Dyke. Neil Young and John Williams, both juniors, made up the third team.

This year the golf team has a new coach, Mr. LaVelle. If the performance of last year's juniors and the quality of the upcoming juniors is any indication, the Knights may be vying for a Hockomock Championship in golf this spring.

The 1967 Stoughton High Track and Field Team finished its season with a record of three wins and five losses. Under the care of Coach Peter Graham, fifty-four boys competed in various track and field events. Our new track and field provided excellent conditions for the Hockomock League Championships which were held here. At this meet, John Klim set a new pole vault record by vaulting 12' 1", and Norm Swanberg placed second in the 880 yd. run.

For the 1968 Season, Coach Graham has many prospects including sophomore Neil Walsh in the discus, juniors John Gillespie and Kent Powell in the mile, and Steve Fitzpatrick in the two mile. Seniors Bill Clark and Dave Ostroff should be a real help to the team.

A great moment in the history of sports at Stoughton High School was our baseball team's Class B state championship in June, 1967. It was the fitting climax to a season in which the team suffered several heartbreaking one-run defeats. A mid-season slump appeared to dim their chances for a tourney berth, but Stoughton came up with its own version of "The Impossible Dream" and went on to the tourney by defeating Sharon on the final day of the season. It was Pete Johnson's four-for-four hitting, along with Bill Powell's three-hit pitching in the final that gave Stoughton a thrilling 4-2 win and the Class B title. This was Powell's fourth win without a loss in the tournament and, most important of all, it gave the Knights a truly successful ending to an outstanding season.

Last year, the Girls Softball Team completed a highly successful season with a record of nine wins and one loss, finishing in second place in the Hockomock League. With many of the players returning again this year, another winning season is hoped for. The team will be coached by Miss Packard and Mrs. Haggett and will be led by Co-captains Ellen Green and Beverly Hern.

The Stoughton High Majorettes, captained by Janet Sweeney and co-captains Patty Rivers and Francine Silva, helped to make the 1967 Football Season colorful and attractive. This group, made up of six juniors and six seniors, performed at rallies and during halftime at the football games. One of their specialties is the twirling fire routine. Besides performing for school functions, they marched in the Veterans Day Parade. This group of girls, including seniors Donna Costa, Beverly Hern, Eileen Dominick, Ellen Green and Mary Lynch, was certainly an asset to the spirit of Stoughton High.

DRILL TEAM

The Stoughton High Drill Team provided an interesting and entertaining break between the halves at the football games. It also impressed us as it marched in various parades under the leadership of Mr. Stanton. The team includes all classes and was led by captains Jutta Ensin and Judith Correia. The time and effort put into this activity by the girls is seen in the precision with which they perform their various maneuvers.

BAND

This year's band, under the direction of Mr. LeGrow, is the largest in SHS history. This past year they played at all high school functions, such as football games and rallies, and in concert with Myron Florin, the accordionist for the Lawrence Welk Show. The annual Exchange Concert is in April. They participated in a television program, in which WNAC-TV awarded the town of Stoughton an Achievement Award.

CHORUS

With Mr. LeGrow as its advisor, the Chorus has had a fruitful year. It started the year by performing in the Christmas Concert. The varied repertoire included some Christmas Carols, songs from "The Sound of Music," and the excellent "The Impossible Dream."

DANCE BAND

Mr. LeGrow also directs the Dance Band. This talented group performed in the Christmas Concert and on many other occasions. Their selection of numbers embraces all levels. For years, the Dance Band has been one of the highlights of the Junior Prom.

NATIONAL HONOR SOCIETY

Honor Society officers (left to right): Gail Kennedy, Stephen Johnson, Francis Burke and Christine Whalen.

The National Honor Society, supervised by Mrs. Savicki and Mr. Cabral, has made extensive progress this year. A candy sale to raise money for the school scholarship was successful. Eligibility is based upon scholastic ability, character, service, and leadership and a high average must be maintained after acceptance into this group.

STUDENT COUNCIL

This year the Student Council soared to a new height in its activities, under the leadership of Mr. Allman. The Student Council moved to become an important and powerful organization in the school's machinery. Successful projects included sending gifts to Stoughton's servicemen at Christmas and Easter, continued support of our adopted Vietnamese child, the Christmas Basket Drive, and an unusual "computer" dance.

Student Council officers from left to right: Stephen Markis, Mr. Allman, advisor, William Dyke, Joan Taglieri, and Andrea Courteau.

NATIONAL THESPIAN TROUPE

The National Thespian Society, a nation-wide organization, composed of students who have earned their acceptance into the group by working the required number of 100 hours on and off stage in the different aspects of a stage production. Members must participate in at least three shows, working both backstage and in the cast. Officers are president, Stephen Johnson; vice-president, Ann McGillicuddy; secretary, Gail Raynor; treasurer, Wayne Hoadley; and historian, Paula Medieros. Class representatives are senior Susan Snider; junior Karen Valukevich; and sophomore Donna Perdigao. Mr. Stott is advisor.

BOYS' STATE

Each year American Legion Post 89 chooses two boys as delegates to Boys' State, which takes place at the University of Massachusetts. This year John Power and John Crawford were chosen from the list of boys nominated. For a week, these boys attended Town Meetings, State Conventions, and campaigned for offices from dog catcher to governor. They actually were citizens in Boys' State and took an active part in democratic procedures, enabling them to learn democracy in practical manner.

Seated left to right: Warren Shore, John Power, and Stephen Johnson. Standing from left to right: Richard Trepsas, Robert Zawalich and Francis Burke. (not present—John Crawford)

GIRLS' STATE

The American Legion Auxiliary chose Ann McGillicuddy as delegate to Girls' State, held each June at Bridgewater State College. For a week, girls of high caliber from all over Massachusetts met in an attempt to run a miniature and imaginary state in an efficient manner. The girls attended lectures concerning every phase of government. One girl was chosen to attend Girls' Nation, representing Massachusetts in Washington.

Seated left to right: Valerie Dembrowsky and Ann McGillicuddy. Standing, Christine Whalen, Judith Lord, Gail Kennedy, and Marjorie Gaibl.

PEP CLUB

This year a new club has been introduced into our program of activities. It is the Pep Club, under the guidance of Miss MacIntyre and Mr. Edmonston. This club aims at instilling more spirit into the student body. During the football season, booster posters were placed around the school. The spirit kept up as many of the members went to the basketball games and cheered along with the cheerleaders. This year's attendance at the basketball games was far greater than ever before and the Pep Club has been a contributing factor.

CRUSADER

The *Crusader*, under the direction of Mr. Tapper, has been revised drastically. Its format has been changed to that of a newsmagazine and the number of pages has been greatly expanded. In addition to the usual news of school activities, many interesting features have been introduced and the number of pictures tripled. The main goal of the staff was to make this an all-school publication and in this it has been successful. The *Crusader* was written, edited, and typed by students, and printed by students on the school press. The staff included editors, Richard Trepsas and Robert Zawalich; news, John Power; features, Francis Burke, Steve Johnson, and John Crawford; sports, Steve Tapper; business, Lois Bunavicz; photography, Dave Gillon, and Stuart Daniels. Frank Hinds and Marjorie Gaibl were seniors who were feature writers.

JOURNALISM CLUB

This year, Mr. Tapper, as advisor of both the yearbook and the school newsmagazine, has enrolled several freshmen and sophomores in a Journalism Workshop. The members are asked to write weekly assignments for the local newspapers and for the *Crusader*. It is hoped that through such training, future editors of the *Stotonian* and the *Crusader* will come better trained for their posts.

LIBRARY AIDES

Under the supervision of Mr. McDermott, the library aides help to keep our library running smoothly and efficiently. They give up their study periods to check books in and out. They assist in keeping the many details in order which are necessary to provide a worthwhile library for our students.

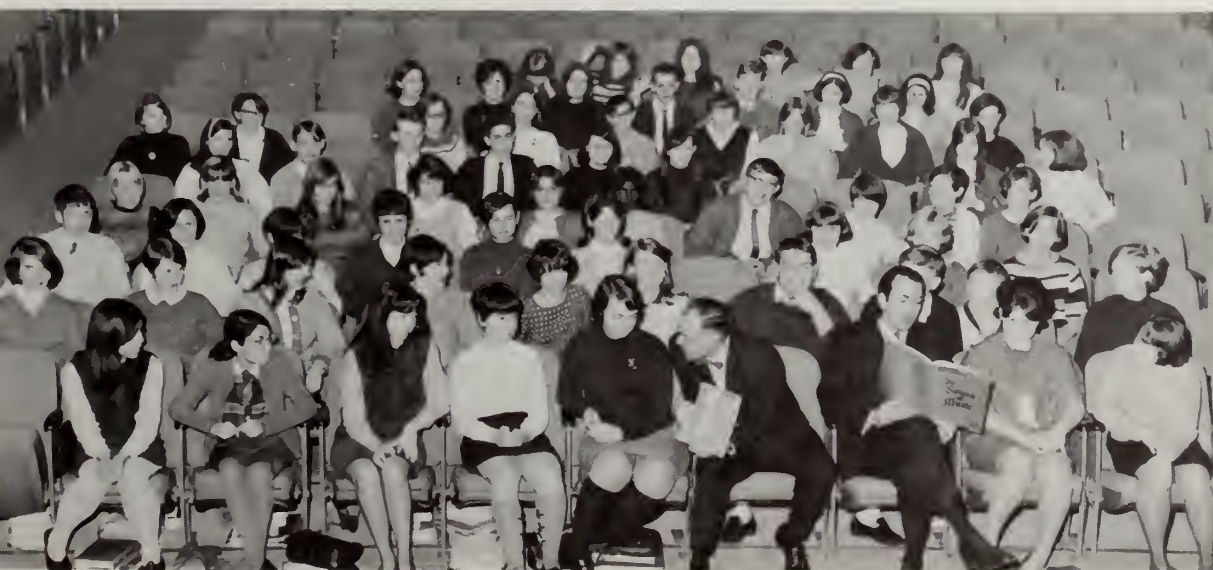

DRAMATIC CLUB

The Dramatic Club, advised by Mr. Stott and Miss Gibbons, meets on alternate Tuesdays with the Musical Comedy Club. Both clubs share many members. This club is the training ground for all of the school's dramatic activities. Many pantomimes, improvised skits, and one-act plays have been put on by this club. It also serves as a preview audience for many of the upcoming shows.

The Musical Comedy Club is comprised of students interested in learning the "ins" and "outs" of producing a musical play. Productions of recent years have been *Camelot* and *The King and I*. All phases of the musical plays are handled by the students under the direction of Mr. Stott, Director of Drama and Speech, and Mr. Le Grow, Director of Music.

MUSICAL COMEDY CLUB

GIRLS GRAPHIC ARTS

The Girls Graphic Arts Club, under the supervision of Mr. Tardanico, was initiated this year with a great deal of enthusiasm. Keeping up with modern practices in the field of graphic arts, which women are entering more extensively each year, it is the intent of the club to become familiar with the basic offset printing processes such as photo-composing, camera work, plate-making, stripping, and presswork. Graphic arts is truly a most interesting and rewarding field for men and women alike. The club's officers are president, Linda Ruscito; vice-president, Kathleen Grover; secretary, Jean Finnety; and treasurer, Denise Entner.

GIRLS WOODWORKING

The Girls Woodworking Club, under the supervision of Mr. Finn, has proved a success this past year. The girls worked hard during the first half of the year on Christmas gifts for the unfortunates in the rest homes. During the last half they are working on individual projects.

GOOD GROOMING FOR GIRLS

In its first year, the Good Grooming Club has conducted many discussions on the topic of how young people can make the most of themselves. Many filmstrips were shown on beauty aids, purchase of clothes, and other useful ideas. Miss Moore is the advisor. The achievements of the past year show a sound basis for continuation of this activity in future years.

KNITTING AND EMBROIDERY

Under the direction of Mrs. Sproul, the Knitting and Embroidery Club functioned actively for the first half of the year. The girls learned how to knit and increased their knowledge of knitting. They completed scarves, mittens, and slippers for Christmas presents and the 14 members are now busy with new projects.

"... Did you hear the one about the traveling salesman?"

RIFLE CLUB

The Rifle Club, with Mr. Schensnol as advisor, was established to provide an introduction to a highly enjoyable activity and to develop the necessary skills needed for this competitive sport. At the present time, there are no competitions with rival clubs. It is hoped, however, that in the future there will be. When that time comes, we are sure that with the expert instruction our club has received, it will be well prepared.

PHOTOGRAPHY CLUB

The Photography Club endeavors to teach its members to use a variety of cameras, to process the film in the darkroom, and to produce prints for display and school publications.

The club members are advised by Mr. Maioli and Mr. Henry, both photography hobbyists. The Club officers this year are president, David Baxter; vice-president, Linda Doyle; secretary, Janet Foster; and treasurer, Michael Jardin.

INDUSTRIAL ARTS

Mr. McGeough has established the Industrial Arts Society in an attempt to maintain an organization which will establish a better relationship between the shop students, shop teachers and administration. The Industrial Arts Society sponsors the popular annual Shop Hop. This year's officers are president, Frank Warren; vice-president, Joe Pascarelli; secretary, John Amati; and treasurer, Burnis DeVaughn.

AUDIO-VISUAL AIDS

Mr. Penardi's goal in advising the Audio-Visual Aids Club is to train the students in the techniques of operating various types of equipment, thus assisting the teachers in classroom instruction. Another service of the club is to operate tape recorders at the Red Cross Headquarters. The tapes produced are from friends and relatives of servicemen in Viet Nam.

SKI CLUB

The Ski Club is open to all students interested in skiing. It was organized last year under the direction of Mrs. Prophett and Mr. Schensnol. The program has included trips for beginners as well as advanced skiers. Most of the excursions have been scheduled during vacations, and many slopes, such as Mt. Tom and King Ridge have been visited. The big event of this year was the "Mystery Ski Trip" in January.

MATH COMPETITION

The Math Competition Club is organized under Mr. Aalpoel. Its primary purpose is to give students with ability in mathematics an opportunity to develop their interest. The club is a member of The Greater Boston Math League and competes in four meets a year. It won the District Championship this year.

BOYS CHEF'S CLUB

They all come running to Boys' Chef Club on Tuesday morning. This club is composed of the hungry boys of the senior class who need more than an 'Instant Breakfast' to get them through the day. Under the supervision of Mrs. Prophett, these boys gain an insight to cooking as well as an appetizing and fun way to further their knowledge of the culinary arts.

CHESS CLUB

The Chess Club is open to beginners as well as those who are extremely skilled. Under the direction of Mr. Nastasi and the club officers, members find the Chess Club an enjoyable way to spend the first hour on Tuesday. Officers are president, Francis Heffernan; vice-president, Frank Sereno; secretary, Noreen Smith; and treasurer, Stephen Smith. A "running" tournament selects the best chess play for the year.

FUTURE TEACHERS

The Future Teachers Club gives its members an idea of the field of teaching. This group has been very active this year. Besides its regular meetings on Tuesdays, it has held special fund-raising drives and conducted a field trip to Bridgewater State College. The Future Teachers also sponsored a Christmas party for the handicapped school children; some members have worked with these children at recess and during school. The club is striving to make money for a scholarship. Mr. Galante and Mr. Santoro are the advisors. The officers are president, Marion Hugo; vice-president, Janis Howland; secretary, Kathleen Scrivens; and treasurer, Marianne O'Donnell.

FUTURE NURSES

With the help of our school nurse, Mrs. Vogel, the Future Nurses' Club gains excellent experience working with the students of S.H.S. They help in many ways in the health office.

Mr. Tapper Adviser

A lot of long, hard hours of work have gone into the publication of this year's *Stotonian*. The Editors and their staffs all did their very best in making this book what it is; the Editorial Board, Fran, Val, Andi, Steve, Frank, Carole-Ann, and Mary, are the greatest editors anyone could want. I thank you all very much. My deepest thanks and admiration go to Mr. Tapper, our adviser, for his seemingly endless patience and help. I thank Mr. Blackwell because, without his pictures, our yearbook would have been nothing. Mr. Maioli, Kathy, Nancy, and the entire Business Staff receive my thanks because of their work in selling and financing this book. Mr. Farnham, our yearbook representative, deserves a thank-you because of his efforts to help make this yearbook a good yearbook. To next year's Editor and Editorial Board go my best wishes for the very best of luck, because they'll need it!

Thomas R. Moore

This 1968 *Senior Supplement* is dedicated to the memory of Thomas R. Moore. When one thinks of the combination of friendliness, dependability, and great athletic prowess, he cannot help remembering our departed classmate Tom. Tom personified our class spirit. Even though he was not with us in person in our final week—he was in spirit, and we shall always remember him.
